Subject: Re: printing fast track final determination forms

Body: Yes, Yes, Yes, Hm no, No unless we change the form., Hm could be a good idea.Page me Friday after lunch to discuss, also need your help with some CIA disks to put in my computer if you have timeTo:Chet Rhodes/ARRBcc: From:Kevin Tiernan/ARRB   Date:10/16/97 04:30:21 PMSubject:printing fast track final determination formsWill it be possible to print the forms in smaller units than by the whole meeting? By Agency file number? By Subject? By Section? What if the document gets voted and needs a final determination form before we have the data from the FBI? There seem to be some number of documents currently in the Archive database which don't have anything more than the skeleton data. Should we set up a fast track archive?
