Subject:	Re: Names
Body:	Should be no problem Bob to do all the items on Wed. I will be in around lunch time. I plan to join the group at the archives to see how that goes and then head downtownTo:Chet Rhodes/ARRBcc: From:Bob Skwirot/ARRB Date:10/20/97 04:33:43 PMSubject:NamesAfter looking at the Omnibus database, I concluded that the easiest way to process the names from the last meeting would be to set up another database- Onmibus2- for these records. Kevin created it and we are in the process of putting the records that need to be process in it. When this is done we need to run the lookname macro/process on it. I will update the lookname database. Since these records need to be in next week's Federal Register Notice, I hope that we can do this week. We'll talk about it soon.Thanks again (again).
