Subject:	Re: AOH-related public television program tonight
Body:	Joe -- I'm so glad that you're coming, but I can't believe that you will be missing Thanksgiving in Pennsylvania. Is that okay with you? I know I told you that canine parenthood is rough, but I don't think the puppy will be forever traumatized if you go away for a long weekend. Really -- she'll forget!I think you ought to get the Review Board to pay for your flight here, since I suspect that you will be engaged in the work of the agency during the time that you're here, if you are so inclined. Have you asked Jeremy about it?Hey -- did you take pictures of the little rodent-dogs when you saw them on Sunday? I always wished I had photographed Wren in that stage, but I didn't. If you did, bring your pictures!!We can't wait to see you & if Ron doesn't have work for you, you know where to come. Also, how about lunch every day?To:Kevin Tiernan/ARRBcc:LauraFrom:Joseph Freeman/ARRBDate:10/21/97 03:59:46 PMSubject: Re: AOH-related public television program tonightGracias! (I should learn "thank-you" in Irish!) My appetite has been further whetted, and Carolyn's evening ruined!By-and-by, as you may have gathered from my e-mail to Ron, it's presently about 95% certain that I'll be in Washington next week, "on my own recognizance" as they say, probably from late Sunday night through the end of Thursday. It's a long story, but we decided to use up our last Southwest frequent flyer ticket so I could travel to Ligonier on both weekends bracketing my time in Washington, in lieu of my Thanksgiving trip which I will now cancel so as to be here when we get our puppy (Meghan, Molly, whatever...).If you and Laura think you'll have a free day for lunch, let me know! I know I was practically just there, but I warned you I'd be hard to get rid of...
