Subject:	Re: Re[2]: Marshall

Body:

Steve said that our letter looked good. He is expecting to hear from Marshall, but has not heard as of yet. The rumor is that Elizabeth Pugh (NARA GC) had intended to write to Marshall this morning. We don't know if she has done so.To:Jeremy_Gunn @ jfk-arrb.govcc: (bcc: Jeremy Gunn/ARRB)From:Judge.John.Tunheim @ usdcmn.cchub.com @ INTERNET @ INTERLIANT Date:10/22/97 05:42:39 PM ASTSubject:Re[2]: MarshallThe letter is good. Did you get a report on the call to Steve Tilley yet?Jack_____ Reply Separator _____Subject: Re: MarshallAuthor: "Jeremy Gunn"<Jeremy_Gunn@jfk-arrb.gov> at InternetDate: 10/22/97 4:33 PMI received this message a 4:30 eastern time. I faxed to you a copy of myletter to Marshall, which obviously was sent before I received this. Letme know if there is anything additional that I should do.To: Jeremy_Gunn @ jfk-arrb.govcc: (bcc: Jeremy Gunn/ARRB)From: Judge.John.Tunheim @ usdcmn.cchub.com @ INTERNET @ INTERLIANTDate: 10/22/97 10:05:53 AM ASTSubject: Marshall Do we have a document that details exactly what we have requested Kodak to do? Anything that proves to Professor Marshall that the analysis provided by the Kodak technical is an essential part of this process would be helpful for him. As I indicated, he is fully supportive of the digitalization of the images. What he questions is why computer experts (as opposed to pathologists) are going to analyze the images and what value the results will have. For example, would it be impossible for medical researchers to review the digitalized images at NARA without the Kodak analysis? If so, that would be highly probative to Marshall. Did you speak with Steve Tilley? Jack
