Subject:	Re: DRE documents
Body:	Michelle:Thank you for your efforts and the update.I find it extremely frustrating (as I'm sure Barry does) that this matter is treated in such a cavalier fashion by the DO. Not that I think that these records are so important, because I don't know if they are or they aren't, but I do think we should pursue this more vigorously and/or at another level. In my view, the fact that this matter has lingered unaddressed for more than a year is a direct affront to the Board.I would be interested in views from you and Jeremy and suggestions on what we can do within our authority to force them to answer the questions (Do you have the records for the 18 month period in question? If you don't, what happened to them?) and hold them accountable on the issue.I'm assuming that Barry has played this straight with us and do not consider this situation to be a negative reflection on him.Again, thanks for the update. As I know you are aware, the frustration is not directed at you.Thanks.Tom To:Tom Samoluk/ARRBcc: From:Michelle Combs/ARRB Date:10/24/97 02:51:59 PMSubject:DRE documentsI spoke to Barry again this afternoon. He said that a year ago he gave the DO four examples of these monthly reports (which Manuel had found in the Collection) for review and so that they would recognize for what type of document they were searching. He has not yet received a reponse from the DO to his numerous e-mails over the last two weeks. He promised me he would try again and let us know ASAP. Barry did not remember the months of the four DRE reports he used as examples. He did not think they were from 1963 but it is only a faint memory. I think he is trying to give us an answer but the DO is not giving him an answer.
