From the October meeting, we have records from three categories: green issue documents approved by the Board; CIA consent releases to be announced with this meeting; and documents that had name issues pending which could be addressed after the name decisions made by the Board at the meeting.-The meeting documents total 214- 176 CIA and 38 HSCA with CIA equities.-The number of Consent releases to be noticed with the October meeting is 625.-Finally, the name re-review documents: these records had previously been voted by the Board, but contained names- either sources or CIA employees- which had been scheduled for re-review 12/1996 or 05/1996. Research by our staff and additional evidence from the CIA permitted the Board to make final decisions on a number of names. These decisions were applied to the documents. 79 records will be noticed to reflect this action.I you have any questions, please let me know.
