Subject:	Re: Adding records to HSCA-Cross Reference
Body:	No way, it can not be done, just forget it.....I will have it ready sunday for you, would that morning your time be possible to step you through adding it to the computer?If so (or not) please email the best phone number and time to callTo:Chet Rhodes/ARRBcc:Tom Samoluk/ARRB From:Joseph Freeman/ARRB Date:10/31/97 07:22:58 AMSubject:Adding records to HSCA-Cross ReferenceOur folder-by-folder survey this week out at Archives II has generated a relatively small number of records which "the kids" missed, so in addition to a delete function, I also need to be able to add new records to the HSCA-Cross Reference database. Similarly, we were able to identify a small number of typos (record numbers or agency file numbers typed in wrong, for the main) that I would like to correct as I winnow down the list of outstanding records. Can you accommodate all this in whatever system you set up for me to use next week in Phoenix? Thanks!
