Let me address your three points in turn. First, a call with three Board members is fine with me, if that's what the Board wants to do. Second, the JFK Act was instrumental in breaking the logjam on the LBJ tapes. By coincidence, I spoke with Steve Tilley about that very issue yesterday when I was with him in Rochester and I played the portion of the Beschloss-LBJ tapes at the Staff Meeting this morning where Beschloss credits the JFK Act for having provided the final breakthrough. This is one of the points that will be included in the Final Report. Third, I am very glad to hear what you said about NSA. NSA originally told me it was preparing something on the assassination, and then it said that it had been only an idea. We will follow through.
