Subject:	Re: computer people
Body:	Thanks. I have given your suggestions to Tracy and she will attempt to set up interviews. Curiously, I picked two out of the pile (not counting Beth), and they were among the three you selected.Tracy, before you set up an appointment, you might try to get a sense on whether they are really interested and whether they are willing to undergo the background investigation.To:Jeremy Gunn/ARRBcc: From:Chet Rhodes/ARRBDate:11/12/97 02:46:15 PMSubject:computer peopleI clipped the 3 best (plus Beth's resume) to the top of the pile. The other in most ways did not have Lotus Notes or organizational skills we need.Chet
