**Subject:** Re: Missing HSCA Documents  
I have a copy of the latter document (from the HSCA Security Classified Files) in my "office". Haven't found the other one yet, but maybe I will before the week is out.

These documents should be among the last group processed by Brian for the July meeting. I expect that they are now among the things Joe has a handle on. I will check with him.  
Joe?

I was checking to see if the packets of documents that we're going to be sending out to NARA are complete, and I ran into two HSCA documents with FBI issues that weren't in our box. They are: 180-10104-10295180-10110-10189  
If you could chase those down and either include them in our box or make sure they get into one of your boxes going out there (whichever follows protocol), I'd appreciate it.
