Haven't found a Brian-reference to it yet. I did find what I think is another copy of the same testimony (the SCIF is now locked so I can't be 100% sure 'til tomorrow) in another place in the HSCA collection which did come back from the CIA (not FBI) with a stamp and is in a pile of CIA-returned, multiple-equity records labeled (my handwriting) "Hold for FBI returns", not that that helps us! I'll keep you posted.

The RIF for this document indicates that it was published in January '97 as a consent release, and yet it is not in the boxes at Archives II according to Martha. Our copy has neither a stamp from Debbie, not a consent fdf. Do you think one of Brian's handwritten lists is still around?
