Subject: Re: Tom Wilson Matter

Jeremy:I will call the staff person mentioned in Klink's letter. Attached is a letter for Jack to sign to Klink. Through this e-mail, I am asking Eileen to review the letter. If it is okay, we'll make arrangements to get it to Jack for his signature and have Debbie send it out.

Sound's good. The letter should probably say that we have repeatedly advised Wilson that we would be willing to hear a presentation. If appropriate, you might wish to call Klink's office and say that this offer has been outstanding for years, but that he wants to set the terms.

Eileen has faxed me the letter that we received from Congressman Klink regarding Tom Wilson's request to meet with the Board. I will draft a response from Jack to Klink restating our willingness to have a presentation of Wilson's evidence to ARRB staff, with a cc to Wilson. I suggest that we invite a Klink staff person to sit in on the presentation, if that is what Wilson and the Congressman want to do. From there it will be up to Wilson to contact us regarding a meeting, in my view. I think that we do not want to tie up a lot of staff people with Wilson and I don't think it needs to be two days. Perhaps Doug and I can meet with Wilson, and, you of course, if you'd like, although I do not think that either of us should kill two days on this matter. In my view, nothing will satisfy Wilson.

Draft letter to Klink to follow
