**Subject:** Re: Caufield's letter

Marie:Thank you for your efforts. I look forward to your e-mail. Based on the types of judgments about what we want as an assassination record and what we had not designated, do you think Caufield's documents would fall outside our universe? Please advise me of your thoughts when you e-mail me again.Again, thank you for looking into this and for the quick response.TomTo:Tom Samoluk/ARRBcc:From:Marie Fagnant/ARRB Date:01/09/98 09:11:12 AMSubject:Caufield's letterTom-Regarding Caufield's letter: I reviewed my memo on the General Walker files, the Unnamed Organization of Dallas, TX, and the Minutemen, and found that the information in the FBI files is more than likely not the information Mr. Caufield is attempting to obtain from the U.S. Marshall's Service. The FBI files appear to contain none of the names he lists in his letter to the ARRB; although, I will do a more thorough check at the FBI this afternoon. We will designate some of the information related to the riots at the University of Mississippi that relates to General Walker, but not for the same reasons he suggests as the FBI files do not appear to contain or substantiate his claims of assassination related persons being at the University of Mississippi riots. Again, I will look into this further just to be sure and will e-mail you with those results. If you have any further questions, please call me at the office until 10 am or, after 10 am at (202) 324-0688 (Historical and Executive Review Unit of the FBI).
