Subject: Re: REMINDER - Re: January Congressional Letter

Tom-- Here is my report for the month of January:1. State Dept. -- They submitted a proposed (i.e., draft) Final Compliance Statement. We have evaluated it and have essentially asked that the State Department submit their Final Declaration of Compliance by March 2, 1998. We are also currently reviewing some key State Department records at NARA to make certain that there is not anything still classified relating to the assassination.2. Bethesda Naval Hospital -- We requested a supplemental affidavit regarding their search. They have provided it, and we have written to NNMC that they have completed their obligations under the JFK Act.3. Joint Staff -- We have reviewed their Final Declaration of Compliance and have written to them stating that they have completed their obligations under the JFK Act (subject to processing additional documents for the JFK Collection).4. Social Security Administration -- We have reviewed their Final Declaration of Compliance and have written to them that they have completed their obligations under the JFK Act (we just have to verify that they have physically transferred their assassination records to the Collection).5. Senate Select Committee on Intelligence -- We have received additional Church Committee transcripts, including transcripts for McGeorge Bundy, William Colby, Richard Bissell, and the Case Officer for AM/LASH. We have to review these to determine whether they relate to the assassination and then have them cleared by the relevant agency. We also received approximately 10 volumes of materials that disclose (through yellow highlighting) what had been redacted among the Church Committee materials. Our purpose for obtaining these materials is so that the Review Board can rule on the redactions.6. House Intelligence Committee -- We have received their permission to inspect the original Pike Committee files. The purpose for this review is to identify what was redacted so that the Review Board can rule on redactions. 7. IRS -- IRS has appointed someone (Linda Stiff) to respond to JFK Act issues regarding the IRS. we met with IRS and they have promised to review the IRS records in the Warren Commission holdings (including the Oswald tax returns) to determine whether they can be publicly released. IRS has also promised to pursue certain other additional issues (Laura and/or Jeremy may have additional comment vis a vis IRS).8. Civil Division -- They have provided for our review approximately 15 boxes of FOIA case files relating to litigation of FOIA requests for Kennedy assassination records (the agencies involved are CIA, NSA, and FBI). 9. Library of Congress -- The General Counsel has advised us that they will be addressing the JFK Act issues that we had previously raised with them.10. Executive Office of the President -- We have received from them copies of administrative records relating to the transfer of JFK and LBJ Administration records to the Presidential Libraries.
