ohmigod. That is really sad. I am going to have to get on her web site to see if she says anything about moving. Do you think they'll both stay on the faculty at KU? I wonder what happened, because I thought she was totally devoted to him, too. My dream is shattered. I'll forever envision them snug in that perfect house, with their perfect Mission style furniture and the cool rugs, their perfect two golden retrievers, the cute red cars, with Colin, working in the same building, etc. . . I mean -- I never thought he was cool enough for her, but if she loved him. . . Sniff. sniff.

They have already purchased separate homes, moved and filed papers. Can you believe it? I was surprised because I thought K.D. was totally devoted to him (although I couldn't understand it). What do you think?
