Subject: Re: correspondence from Mike Ravnitzky

This sounds like a good plan -- but if possible let's not make a copy so that we don't have an unnecessary record in our files. Jim -- see if you can review it on site and draft an unclassified explanation. They are a staff support agency of the Technical Management Office (TMO). Sgt. Klemtke suggested we get Confidential Army Regulation AR 380381 which contains the charter for TMO and describes SRIA, the categories of information in which they deal, and what records they maintain. I have asked Jim to get a copy of this regulation through his contact at IRR, Elaine Rogic. Because the regulation is classified, we will not be able to send a copy to Ravnitzky. Perhaps Jim could write an unclassified summary memo? For example; (a) statutory authorization; (b) creation by regs; (c) brochure; (d) order creating it? I don't want this to turn into a big project, but I would like a little more confirmation if reasonably available. Klemtke the NCOIC from the Sensitive Records and Information Agency this morning. They do belong to the Army. They were organized in 1993 to hold information on special access programs. They also have some court case documents. According to Sgt. Klemtke, the oldest document SRIA has is dated 1986. Their files do not go back any further than 1986. He referred me to NARA, INSCOM, and IRR for older material. Sgt. Klemtke also told me they had received a FOIA request from Ravnitzky.If you need any additional information, let me know. We hope to have an appropriate reply for Mr. Ravnitzky, Graduate Student.
