Subject: Re: Status Update

Thanks for the update, Carrie. I know that it may not do any good, but please keep asking LuAnn every day for new HSCA files to review. We need to be able to say to Congress in our monthly report that we are able to keep up with the page counts and that we continue to ask the FBI about their progress each day. In the absence of prepared files, this week I spent time reviewing DCU appeals, reviewing files on the Veciana informant issue, finishing additional request #29, and I also spent a lot of time working on Sydney's rifs. I have a DCU question on Ballen if you have time tomorrow when you are at the FBI to look at a file. Was there anything else I needed to do for Kutner to ensure that the FBI meet all of our requirements for finding Chicago files. I am going to drop off my organizational chart in case you are interested in which files I still have outstanding and with whom. Also in anticipation for upcoming Board meetings, I thought you might be interested in knowing the files I have that need evidence provided or need to be voted on. Marita Lorenz will hopefully come before the April Board. Benjamin Binion needs evidence from Barb. A. Veciana will hopefully come before the May Board. John Pittman and Gus Alex have NBR issues. Shimone has an addition to the memorandum which I believe you decided the Board should vote on. Carlos Martinez needs evidence from Barb H. Arthur with Barb A. needs evidence. Balbuena with Barb A. also needs evidence and may be finished soon. Meadows with Carol H. needs evidence. Please let me know if you have any questions or need me to do anything.
