Subject: Re: page count for documents processed for release by ARRB
Thanks to both of you for this. It is very helpful.

Peter created a view in Lotus Notes called 'page count'. Consent releasestotal documents: 20,779total pages: 95,704
Documents voted on by Board (from Review Track Archive)total documents: 13,275total pages: 146,473
TOTALSdocuments: 34,154 (although my count from advisories--based on numbers from the Fed. Reg. is approx. 37,000)
pages: 242,177HOWEVER, of this this total number of documents, there are 9,398 documents that contain NO PAGE DATA (NPD), so the page totals are low.
