**Subject:** SMPTE Journal Paper

Rollie, I just spoke to Jeremy Gunn (our Executive Director) and he said to relay to you that we have no objections to you committing to a paper in the SMPTE journal and publishing it in the fall after your consulting work for Kodak/us is over. We both regret any delays in getting this response to you...had intended to send you a letter, but in this age, an e-mail is also "correspondence!" Good Luck.

To: Douglas\_Horne @ jfk-arrb.govcc: Toner @ Image.kodak.com (bcc: Douglas Horne/ARRB) From: zavadarc @ netacc.net @ INTERNET @ INTERLIANT Date: 03/25/98 10:11:28 PM CET Subject: 8mm Camera Paper

Doug, Had lunch today with the chairman of the SMPTE Board of Editors -Leroy DeMarsh. It reminded me that I have not received a response to my Feb 16 request to write a paper for the SMPTE Journal and make a presentation in the fall. Any decision available? Have been able to confirm with former Eng VP of B&H Townsley that they, like Kodak, did manufacture 8mm cameras to a manufacturing aim of 18fps.

Regards, Rollie
