Subject: Re: request for interviewPeter Kross of Back Channels magazine is writing an article that he hopes will be published by the Trenton Times in NJ. The Trenton Times is publishing an opinion piece written by him about the Bay of Pigs. He would like to have a brief telephone conversation with you to ask 2 questions.
1. What have you learned in your work and through the release of documents about the early 1960's/"JFK times"?
2. What is the most important document released so far, and why?
I explained to him that we do not place values on documents, and he understood that, so my guess is he'll come up with a different question.
Let me know if you can do this today/tomorrow and I can set something up.
