Subject: Re: USSS Logs
The important questions are: (a) what logs are missing; (b) what else besides logs do we need?To: Jeremy Gunn/ARRBcc: Kim Herd/ARRB From: Irene Marr/ARRBDate: 04/27/98 02:24:39 PMSubject: USSS LogsI spoke with Stephanie Fawcett at JFKL (Megan is out all week) about the USSS materials. According to her, all the gate logs are open in full. She faxed me a copy of the finding aid, I will leave a copy on your desk. I left a message with Martha Murphy to verify that they have everything at NARA. I have a feeling that there won't be RIFs. I may go out to NARA on Wed to look at the material.
