Subject: November 1998 and Bio

Dear Debra, thank you very much for your kind invitation to speak at the conference in Dallas on November 21, 1998. I would like to accept your invitation, contingent upon the issue that we discussed by phone last week. It is very important to me that my agreement to speak not be advertised in any way to suggest that either the Review Board or I endorse JFK Lancer or that one group of researchers is favored over any other group. I am entirely neutral on such issues. It also should be clear that I will not be speaking for the Board (which, in any case, will not then be in existence). I will try to offer my best personal thoughts about the process in which we have been engaged and provide my best assessment of the situation. My bio is being attached both as a separate document (WordPerfect Windows 6.1) and as part of this message. They say the same thing, so use which ever one is easier to download. Please let me know when you receive this. Thanks, and best wishes, Jeremy T. Jeremy Gunn
