Subject:	Re: FPCC Request
Body:	Neither! I have dallied and dithered on completing my memo to Laura, and the raw material from which it would have been/could be composed is here in Phoenix with me. Whatever works for you and Laura is fine with me: I can do a separate memo for the portion I did, or e-mail you the info for you to incorporate into a single memo. Just let me know. And congratulations on your quick work!To:Joseph Freeman/ARRBcc: From:Peter Voth/ARRB Date:05/08/98 03:23:51 PMSubject:FPCC RequestI finished the FPCC material, and am now writing the memo on what I found. Did you already write Laura a separate memo outlining what you found, or do you have stuff around here somewhere that I should incorporate in to my memo?Later
