Subject: Re: New Strategies in Printing Final Determination Forms

See my message to Kevin. I am happy to give him the laptop if needed.

Jeremy, we should discuss this. We have two laptops that are available now. One has been signed out to Eileen so that she may work on her many writing assignments from home after hours (she doesn't have a computer or the space to have a desktop loaned to her). I assume you still have the other laptop (at home or in your office?). If you are not using the laptop, I would like to keep it in the office and sign it out to Kevin for his FBI use as needed. Of course, when you travel and want to take the laptop with you we would make other arrangements for Kevin. How does this sound to you? Please let me know and I will get back to Kevin and Chet with what we decide. Thanks.

I would like to have sporadic but regular access to a laptop computer to print final determination forms over at the Hoover Building. This would prevent us from having to lug all of the records over here before they are delivered to NARA.
