Subject: Re: OSD
Correct. We don't need to notify agencies about appeals for consent releases.

Subject: Re: OSDYes--we are in the process of reviewing some McNamara papers that are OSD-originated documents. If its Cuba, cc should go to Ralph Novak; if its Vietnam, cc should go to Dr. Lewis Stern. But we should not do this for consent releases, should we? Only, I believe, if we open something they did not want opened. The "7 days to appeal to the President" business makes no sense to consent releases, or for postponements that were UPHELD by the Board.

Subject: dsdi know this does not apply to the federal register that just went out, but in the future, any records from OSD will need a letter to Cohen with a CC to who? (bosworth?) Pls let me know
