**Subject:** Re: Microfilm

This is definitely possible, Irene, and I see no reason to not have it wrapped up by then. I apologize for the delay and feel badly. The current situation is this: There were a very few AR documents, most of which I wanted to run past you for verification that they either were or were not AR. If it's ok with you, I will continue to do that, and wrap up what we have with a final memo. I will also make copies of any documents I print from the machine that both you and I determine are AR. Just let me know if this plan is ok with you, and if there's any other issue i might be missing involved with this microfilm project. Thanks, Cathy To: Cathy Rodriguez/ARRBcc: From: Irene Marr/ARRB Date: 07/09/98 12:42:04 PM Subject: Microfilm I hate to ask about this. Remember the DOJ microfilm from the JFK Library? What kind of time do you have these days? If my memory serves me, you didn't find much AR stuff so it didn't seem all that compelling. However, it would be really great to finish the review by July 22 because I'm planning to go up to Boston that Thursday or Friday and I figured if it was done, I could return the film to the Library. One less thing to haunt us later on. Let me know if this is possible or not. Thanks
