I have kept silent about it,fearing for my safety, but earlier this year decided it was time to"make it public" rather than take it to my grave. I have since providedthe attached information to several people (including Dave Dix and JonRoland), both of whom insisted that I transmit it to you.Although there is no documentation I can provide, other than photographsof the "safe-house", there is enough that can be corroborrated byinvestigators that can shed additional light on the actors involved inthe assassination. The address of the house in question, not mentionedin the enclosed attachment, is "Dakota 326" in Mexico City. When Ifigure out how to transmit the photographs to you in an expeditiousmanner (one that won't take two hours to upload), I will send them toyou as an attachment.If there is any specific information you would like to add to your filesregarding the present attachment, please let me know and I will glad toprovide it. The only thing I would prefer to keep confidential is myhome address, for obvious reasons.Sincerely,Charles Mazal - JFK-The Mexican Connection 5-98.doc
