Subject: Re: PFIAB

Michelle,Your recommendation makes sense. I will make a note on the agenda that you will ask the Board to designate the new PFIAB records during the closed meeting. I anticipate that we will have the closed meeting at 3:00 p.m. on Tuesday, the 25th.On the current agenda, I have set aside the 9:00 a.m. - 10:00 a.m. hour on Tuesday for review of PFIAB records and for a brief discussion to prepare for Sen. Rudman's presentation, which is still scheduled for 10:00 a.m. Would it be useful to the Board if you prepared a brief summary (I'm thinking less than a page memorandum) of PFIAB's position on its records, as you understand it? If it makes sense, you may want to include several topics for the discussion with PFIAB. Let me know if you think this is a reasonable idea.Thanks,LauraTo: Laura Denk/ARRBcc: From: Michelle Combs/ARRB Date: 08/21/98 01:02:38 PM

Subject: PFIABA small number of documents were copied from the PFIAB archives. The Board should review these documents before meeting with Rudman. I would recommend that the Board be asked on Tuesday just to declare the PFIAB records as assassination records. I believe we are still waiting for OSD and JCS to review the records. I doubt we could have them processed by Tuesday.
