Subject: RIF discrepancies
I am down to a few loose ends with the NSF documents that the Library sent to the Board for referral back when Tom was handling things. I have double checked the letter that accompanied the documents (dated August 20, 1997) to make sure we haven't overlooked or lost any, and I noticed a possible problem; there are a couple of numbers on the original cover sheet that don't match the documents we actually have. I am hoping that the discrepancies in the RIF numbers was just due to a typo and not a missing document problem. Please let me know if these are the same documents: From JFKL received at ARRB176-10011-10102176-10010-10102176-10011-10073176-10010-10073 There may be others that I'll have questions about, but I'm waiting until I'm sure I have all the referrals back. We can also talk about this when you come tomorrow. Thanks.
