i think good wishes from your mother are better than premonitions. but keep me informed if i show up in her (or anyone's for that matter) inner life. little polaris has a new trick. she can walk backwards. she is pretty proud of herself when she does it without falling down. i never thought of walking backwards as that complicated, but apparently it is. she likes looking at herself in the mirror when she does it. so randy is a strike breaker for management. hmmmph. sarah and mike were here this past weekend. the ashoooh's had a party for them. jeff duka, greg and birgitta, me and sue, frank and kathy klisch. Those were about all of the invitd outsiders. Actually,the biggest outsiders were Sarah's mother and sister. They are russian fundamentalist baptists. they are quite suspicious of catholics, and almost everyone at the party was catholic in one way or another. but i think that they had a good old time like everyone else at the party.take care of yourself.
