Subject: Re: Review of Studies 1 & 2 for Kodak Report to ARRB
Rollie, I'm sorry I am late reviewing studies one and two--I know I had promised to FEDEX them to you Thursday night. Other events took priority. We are all short of time and resources here these days. But now, you are "number one on the runway." I promise you that I will make this project my number one priority today, and will get an overnight FEDEX, addressed to your home, in the mail this afternoon before I leave the office. I realize time is short. I will try to include B & W photocopies of selected frames from Volume XVIII of the W.R., per your request. Also, you mentioned that you had Warren commission Vol VII containing photos of Zapruder frames. Do a couple of these show the perforation area images - and if so - could I get a good quality copy to photograph for my presentation in Oct. or borrow the book? Rollie
