Subject: Re: Verifying receipt of my latest communications

Dear Mr. Hoch: Thank you for your e-mail message. I can confirm that your July 14, 1998 letter to Jeremy Gunn and your August 23, 1998 e-mail message to me were received. I am still checking on the August 10, 1998 letter to Laura Denk. I have no reason to believe that it is not here, however I still need to check with her. All of your correspondence and suggestions will be placed in the JFK Collection. The Review Board has undertaken an enormous task these last few years and cast a very wide net with regard to identifying assassination records. As to specifics regarding your requests, we do not have the resources to check to see what exact leads we may have followed per your suggestions (including recent ones). The issuance of the final report, declassifying previously identified records, and closing the agency are our top priorities at this time. We have enjoyed corresponding with you these last few years and we do value your input. I hope you understand our situation at this time, these last few weeks before we close. Sincerely, Eileen A. Sullivan
