| **Body:** | Thank you.  I saw it.  (By the way Wren is w-r-e-n, like the bird.)  :-)  And, no, she is a home-dog tomorrow.To:Laura Denk/ARRBcc: From:Marie Fagnant/ARRB   Date:09/08/98 04:39:49 PMSubject:RennI placed Renn's leash on your desk as I am not going straight home today and I don't know if you or I will get to Renn first.  I will tell Colleen to use Barrett's leash with Renn if she lets her out for a bathroom break.  If there is a problem please let me know.  P.S. Do we get the Renn-dog tomorrow? |
