**Subject:** Re: Now I'm confused.  
the room is available in the morning, but not in the afternoon. The problem with that is if we go to NARA that morning, we will be "snubbing" the white house and congress by not giving it to them first. And yes, Carlin is out that week, but we will give it to someone else. And isn't Carlin out of town that week? Did Steve tell me that or did you?
