**Body:** Yes. After I sent you the e-mail, I received a late afternoon shipment from Barry. I am not sure all of it is there, but I'll check with Ben. Thanks.

**DeliveryReport:** AMSubject: NSA referralsBefore the next Board meeting I need to know the status of the following LBJ Lib. docs that were referred to NSA in January and the reassurance that Ben is or has processed them:177-10001-10116177-10001-10121177-10001-10122177-10001-10438Also I need an update on the LBJ codeword docs that were reviewed by NSA and CIA.Since these didn't have RIFs at the beginning, I will need to get those numbers so I can figure out whether everything has been done or not, since I am only working with a list of the numbers, not the actual documents. I understand that Barry was able to match up the RIFs so you or Ben should be able to let me know what the universe is. Perhaps this has already been done, but I have not been informed. I trust Ben has it under control as long as things haven't fallen between the cracks.Thank you!
