Subject: IMPORTANT! Miss Sullivan, I left a message on the general phone message machine and thought I should elaborate. Jim Lesar told me to contact you and ask you if you have contacted the Armed Forces Institute of Pathology, particularly in the past 12 months, and asked them if they had any remaining JFK autopsy materials? If so, how recently? I've come in to information strongly suggesting that the AFIP still has autopsy materials, materials that they did not even know they had until recently after a search of their archives. If it's too late for the ARRB to act, I'm prepared to file an FOIA suit. Important is knowing when your most recent contact was. Next week is going to be very tight-- mandatory overtime at work. I'd appreciate if you could email me and/or leave a message on my answering machine. The number is (609) 448 - 8475. The name is Stuart Wexler
