Re: Final Determination for Ford Library Documents

Dear Mr. Horrocks:

We have completed the review and processing of assassination records referred to the Review Board from the Ford Library collection. Over the past six months, representatives from CIA, OSD, JCS, NSC, FBI, the State Department, and the Secret Service have reviewed documents containing their agency's equities. These agencies have completed their review and have given consent to the full release of the majority of these documents, totaling 285 records. There are also 133 documents containing postponements.

Shipped concurrently with this letter you will find the remaining Ford Library documents in the Review Board's possession. Copies of these documents are also being shipped to Mr. Steve Tilley, Chief of the JFK Assassination Collection at the National Archives' College Park facility, where they will be made available to the public in redacted form. Therefore, the Ford Library will not be responsible for transmitting these documents to the National Archives. Copies of documents are enclosed solely for your reference. If you have any questions, please feel free to contact me at (202)724-0088. As the Review Board completes its mandate on September 30, 1998, any questions you have after that time should be directed to Mr. Tilley at (301) 713-6620. Once again, we appreciate your cooperation.

Sincerely,

Ben Rockwell
