Subj: Questions for Gaeton Fonzi
File: 4.20.2

After reviewing both Fonzi's book *The Last Investigation* and Anne Buttimer's notes on her interview of Fonzi, we have developed the following questions for Mr. Fonzi:

1. Was Antonio Veciana ever shown a photograph of any other personnel in the U.S. intelligence community during the search for "Bishop?"
2. Did the HSCA ever formally request the CIA files on David Sanchez Morales? Would they be in the segregated collection?
3. On page 18 of *The Last Investigation*, you mention that you still possess tapes of your two interviews with Arlen Specter in the 1970's. Do you still have them? Would consider donating them (or copies of them) to the ARRB as assassination records?
4. Also referenced in *The Last Investigation* are conversations with Marita Lorenz and Frank Sturgis. Do you have your original notes on these?
5. Do you have notes on your interviews with Ruben Carbajal and Bob Walton regarding Morales' alleged confession that "we took care of" JFK?
6. Are you currently in possession of the files related to your work for the Schweiker JFK Subcommittee of the Church Committee?
7. How did you initiate contact with Col. Sam Kail? (Veciana stated that it was Kail who referred him to Maurice Bishop.)
8. Are you willing to reveal the identity/provide information on Veciana's and Bishop's "intermediary" you discovered in Puerto Rico?
9. Would you be willing to help us contact Antonio Veciana, and convince him to talk with us?

10. Would you be willing to try and convince Veciana, contingent upon our granting him immunity, to provide us proof of the alleged \$253,000 payment he says he received in 1973? (Veciana has said that he is able to prove such a payment, but is unwilling to do so out of fear of reprisal from the IRS.)
