

NSA DOCUMENT REVIEW SHEET

There are seven documents the NSA is asking the Board to reconsider. The staff recommendation in each of these cases is to uphold the NSA's requested postponements, due to the fact that the Board has established precedent for protecting the information in prior votes.

Listed below are the documents in question, along with the "precedent" documents in which the same items are protected by Board vote. Please indicate whether you vote to accept the staff recommendation to uphold the requested postponements until 2017, or whether you would like the Board to discuss.
