

MEMORANDUM

December 24, 1996

To: Jeremy Gunn
From: Christopher Barger
Subj: Robert Vinson material
File No: 4.0.2.Vinson

I have carefully reviewed the material submitted to us on December 20 by Robert Vinson, and found it to be identical to the material he sent in August, with a few more items documenting Vinson's military career included this time. As was my feeling in August, I recommend that no further research or resources be expended on this matter. I consider this area closed to my satisfaction.
