Re: Your Letter of March 4, 1998 Regarding Lee Harvey Oswald USMC Records

Dear Mr. Armstrong:

In response to your letter of March 4, 1998 addressed to Dr. David Marwell, first, I should inform you that he departed as Executive Director effective September 30, 1997, and the current Executive Director is Dr. Jeremy Gunn.

The RIF that you attached to your letter, HSCA Record Number 180-10103-10423, refers to 378 pages of USMC Unit Diary information for Lee Harvey Oswald contained in the HSCA numbered files. On January 22, 1998, the Review Board published a Federal Register notice that listed this document as a "consent release," *i.e.*, announced that it would be opened in full. The original document itself has not yet been transferred from ARRB's offices to the JFK Collection at NARA, but we expect this to happen in the very near future, and you should expect it to be announced in one of our routine advisories.

Additionally, some time ago (specifically, on October 1, 1996) the ARRB requested Unit Diary information on Lee Harvey Oswald from the Office of the Commandant of the Marine Corps in Quantico, Virginia; on October 15, 1996, the Marine Corps mailed to the Review Board a voluminous quantity of USMC Unit Diary information on Lee Harvey Oswald in response to our request. A RIF for that document has just recently been created, USMC Record Number 166-10003-10000; the total number of pages for the entire document (Unit Diary pages plus associated correspondence) is 977 pages. This document is also open in full. Although it has not yet been transferred to the JFK Collection at NARA, we intend to transfer it in the very near future, on the same day that the HSCA Unit Diary pages are transferred. It will be similarly noticed in one of our routine advisories.

For your information, the ARRB previously transferred both the original Lee Harvey Oswald Enlisted Personnel File (USMC Record Number 166-10001-10000) and the original Medical and Dental Records for Lee Harvey Oswald (USMC Record Number 166-10001-10001) to the JFK Collection at

the National Archives.

I hope this information has been of assistance to you.

Sincerely,

D. P. Horne
Chief Analyst for Military Records
