re: Press Clippings

date: April 13, 2017

pages: 11, including cover sheet.

Tom has assembled the accompanying press clippings that deal with the Boston Hearing.

You will note that in the last column of the *Boston Globe* story, Kermit is attributed with statements (including statistics) on public opinion relative to the findings of the Warren Commission. We have received some reaction from the public on these comments, all of which point out that the statements attributed to Kermit are false. I am including a compilation of public opinion poll data on the question of a conspiracy in the JFK assassination (sent to us by a *Globe* reader). I found it extremely interesting, and I hope you do too.
