Dr. Robert S. McCord  
Chairman  
Manager Technology Services Search Committee  
Clark County School District  
2832 East Flamingo Road  
Las Vegas, Nevada 89121

Dear Dr. McCord:

Lou Dorny has informed me of his recent application for the position of Manager of Technology Services for the Clark County School District, and I am writing in support.

Lou was my deputy for four and a half years at the Berlin Document Center, a repository for Nazi personnel records that was under U.S. State Department control until we turned it over to the German government in July of 1994. Lou assisted in the planning and implementation of a major reorganization and upgrade of the Center and played a significant role in the massive microfilming project that was a prerequisite for the turnover. Lou is a creative problem-solver and an innovative administrator. He will bring considerable experience, heartfelt commitment, and a mature and steady hand to any undertaking.

I add my voice to the many others who, I am sure, have supported his candidacy.

Yours sincerely,

David G. Marwell, Ph.D.  
Executive Director
