Mr. Charles J. Sanders
Attorney at Law
525 East 72nd Street
New York, New York 10021

Dear Charles:

Thank you for your letter of May 3, 1995 regarding our May 16 meeting.

The Review Board Staff will be holding an "experts meeting" on May 16 to discuss the location of additional assassination records. Although we appreciate your offer to take part, the participants for the meeting have already been notified and have accepted our invitation.

We regret that we are unable to extend an invitation to you. There are, of course, many people -- such as yourself -- who are knowledgeable about assassination records and who no doubt could contribute to the discussion. We simply have had to make some difficult decisions and we regret that we could not include you. We continue to welcome any suggestions that you have regarding assassination records and look forward to continued contact with you.

Sincerely yours,

David G. Marwell
Executive Director
