Dear Ms. Dinneen:

I understand that you have been contacted recently by the staff of the Assassination Records Review Board (ARRB) concerning notes that you made during your service with the House Select Committee on Assassinations and that you are reluctant to turn them over. The ARRB was established by Congress and has the responsibility and authority to locate and secure any and all records relating to the assassination of President Kennedy. The material sought by the ARRB is important for its work, and I urge you to make it available immediately.

I understand your caution and admire your fidelity to the Nondisclosure Agreement that you signed during your tenure with the HSCA. You may consider, however, that the provisions of the nondisclosure agreement do *not* apply to contact with the ARRB. Should you have any questions, please contact Mr. David Marwell, Executive Director of the ARRB, at (202) 724-0088.

Thank you very much for your assistance.

Sincerely,

Louis Stokes
