Dear Mr. Adams:

Per your request I have enclosed copies of the transcripts from the public meetings held in Washington, DC on March 7, 1995 and in Boston on March 24, 1995. Included with the transcript from the meeting in Boston are the statements and submissions to the ARRB from those who offered testimony.

I have also enclosed copies of the comments the Board received concerning the definition of an 'assassination record'.

Thank you for your continued interest in the Assassination Records Review Board.

Sincerely,

Eileen A. Sullivan
