*Dear David:*

*We would like to thank you again for your participation in our Experts Conference. We are very appreciative that you and the others took time out of your schedules to help us with the important issues that were raised.*

*We particularly appreciated your perspective and insights as someone who is involved in some of the larger intelligence matters that run throughout the assassination documents. We hope -- and plan -- to stay in touch during the remainder of our tenure.*

*If you have had or are having any difficulties with your vouchers or honorarium, please call one of us or Tracy Shycoff, our Administrative Officer.*

*Thanks again for your participation.*

*Sincerely yours,*

*David G. Marwell  
Executive Director*

*T. Jeremy Gunn  
Chief, Analysis  
and Review*
