Dear Jim:

We would like to thank you again for your participation in our Experts Conference. We are very appreciative that you and the others took time out of your schedules to help us with the important issues that were raised.

We particularly appreciate your bringing the perspective of someone who has been involved in the trenches for so many years.

If you have had or are having any difficulties with your honorarium, please call one of us or Tracy Shycoff, our Administrative Officer.

Thanks again for your participation.

Sincerely yours,
