Dear Mr. Vaughn:

Thank you again for spending so much time on the telephone with me this morning discussing various sources of assassination records. As I mentioned during our call, the entire Review Board very much appreciates the cooperation and assistance that a number of researchers, such as yourself, have given in the quest for assassination records.

I also appreciate your offer to send me the memo of assassination records information and leads. Please don't be unduly concerned about the formality of the document. The information it contains is the important part.

Please feel free to contact me at extension 229 if you have any other suggestions concerning assassination records. I've included a copy of the Review Board's enabling statute as I promised. It explains a number of the questions and issues you raised in our call.

Sincerely,

Anne Buttimer, Esq.
Chief Investigator
