Subject: Letter to NCID

The Director, (Roy Nedrow) of the Naval Criminal Investigation Division reports directly to the Secretary of the Navy (The Honorable John H. Dalton).

This is not the normal way Divisions report within the Departments/Services. TAILHOOK changed all that for the Navy.

Before Sending the Letter: Something to think about.

It would probably be a good idea for David Marwell and you to sit down with the Secretary and discuss the issues before directing correspondence to the Criminal Investigation Division. I am sure he will cooperate if he is aware that his offices have information we need.

Then again, you might want to wait until you folks brief the Secretary of Defense and than all issues can be addressed. (ie. Oswald Marine File and postponement of NSA documents).
